Experience

Collaboration Project: Web App for DMCC Agriculture E-Commerce
August 2023

As part of a collaboration project, I helped develop an e-commerce web app for "Day Mark Crop Care". Using Bootstrap, JavaScript, PHP, Laravel and SQL, I crafted web pages for best functionality and user experience. My job involved making the app work well on different devices and ensuring easy navigation. This taught me not just programming but also collaborating and turning ideas into real web features.
